

SOCIAL, MORAL, SPIRITUAL AND CULTURAL POLICY (SMSC) Including FUNDAMENTAL BRITISH VALUES STATEMENT

St Saviour's School Ikoyi is a faith based school with Christian values and attitudes towards life.

We consider it important to foster a safe, caring and harmonious environment by teaching and modelling a biblical way of living; providing quality education for every child and enabling them to develop respect and consideration for all members of the school and demonstrate this teaching in their wider community.

1. RATIONALE

At St Saviour's School the promotion of students' spiritual, moral, social and cultural development is considered to be a whole school issue. People form their values and attitudes in childhood. These may change over time, but those values and attitudes formed in early life are likely to have a strong influence on the adult person's role as a citizen.

As a school, we have a duty to provide a positive influence whilst at the same time allowing students freedom of expression and the ability to reach decisions for themselves (conformity and challenge). The example set by adults in the school and the quality of relationships is of particular importance in promoting spiritual, moral, social and cultural development.

Our values of 'physical, emotional and cognitive development for all' support the importance of the growth and development of all aspects of SMSC within the school community

We recognise that the personal development of students, spiritually, morally, socially and culturally, plays a significant part in their ability to learn and achieve.

Fundamental British Values Statement: St Saviour's School Promoting British values.

The DfE have recently reinforced the need *"to create and enforce a clear and rigorous expectation on all schools to promote the fundamental British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs."*

The UK Government set out its definition of British values in the 2011 Prevent Strategy, and these values were reiterated in 2014. At St Saviour's School these values and standards are reinforced regularly and in the following ways.

Democracy

Each year the children decide upon their class rules and the rights associated with these. All the children contribute to the drawing up of the rules.

Children have many opportunities for their voices to be heard. We have a school council which meets regularly to discuss issues raised in class. The council has its own budget and is able to genuinely effect change within the school. Four council members for each year group are voted in by their class.

Each year the children in years 3-6 are able to nominate and vote for children to be house captains to lead the various houses in the school.

The Rule of Law

The importance of Laws, whether they be those that govern the class, the school, or the country, are consistently reinforced throughout regular school days, as well as when dealing with behaviour and through school assemblies. Pupils are taught the value and reasons behind laws, that they govern and protect us,

the responsibilities that this involves and the consequences when laws are broken. Visits from authorities Fire Service help reinforce this message.

Individual Liberty

Within school, pupils are actively encouraged to make choices, knowing that they are in a safe and supportive environment. As a school we educate and provide boundaries for young pupils to make choices safely, through provision of a safe environment and empowering education. Pupils are encouraged to know, understand and exercise their rights and personal freedoms and advised how to exercise these safely, for example through our PSHE lessons and assemblies. Whether it be through choice of learning challenge and participation in our numerous extra-curricular clubs and opportunities, pupils are given the freedom to make choices.

Mutual Respect

As a Rights Respecting School, mutual respect is at the heart of our values. Children learn that their behaviours have an effect on their own rights and those of others. All members of the school community treat each other with respect.

Tolerance of those of Different Faiths and Beliefs

St Saviours School is a multicultural school; therefore, we place a great emphasis on promoting diversity with the children. Assemblies are regularly planned to address this issue either directly or through the inclusion of stories and celebrations from a variety of faiths and cultures. Our RE, PSHE, IPC and international day activities reinforce this. Members of different faiths or religions are encouraged to share their knowledge to enhance learning within classes and the school. Children visit places of worship that are important to different faiths.

At St Saviour's we will actively challenge pupils, staff or parents expressing opinions contrary to fundamental British Values, including 'extremist' views.

Monitoring and Evaluation

Provision for SMSC is monitored and reviewed on a regular basis by SLT. Subject leads identify aspects within their subjects to be included in teacher planning and monitor teacher plans and their evaluations and assessments Subject leads will monitor resource provision, identifying shortfalls and provide feedback via staff meetings.

Summary

All staff and students at St Saviour's School are expected to behave with integrity, tolerance and compassion in their dealings with one another.

We provide opportunities for all pupils not only to explore their own cultures but also to understand how these align with British values and how we can work together as a community for the greater good.

Every member of the community has a part to play in enshrining the core values and beliefs so as to build a strong, united and democratic school. Where unfairness or bullying is found to exist it will be routed out, and democracy and the rights of individuals will take centre stage.
