

Assessing and Turning in Assignment through Microsoft Teams

To turn in an assignment, select its assignment card.

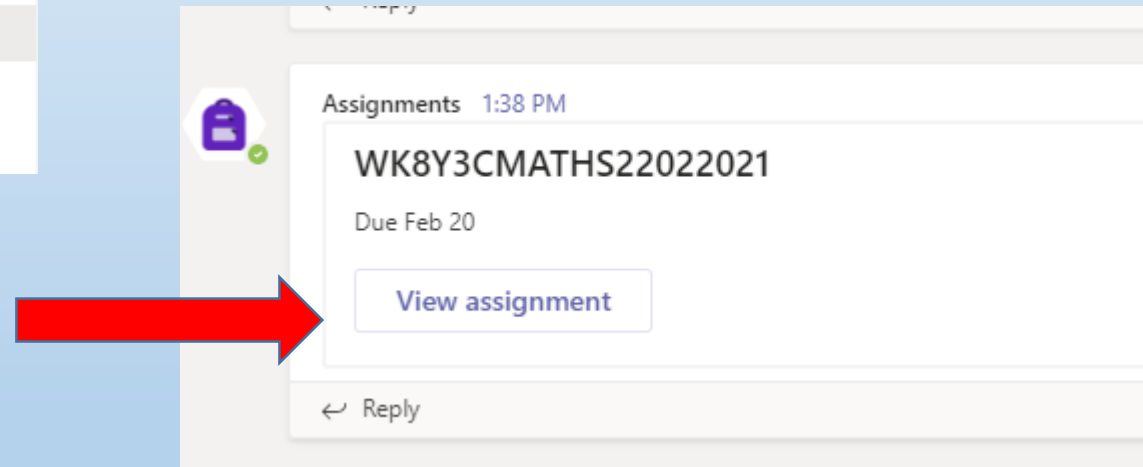

Depending on the status of your assignment, you may be turning your work in on time, late, or submitting revised work.

1. Navigate to the **General** channel in the classroom, then select **Assignments**.

2. Your **Assigned** work will show in order of due date. Select any assignment card to open it and view the assignment's details.

If your teacher specified a document for you to turn in or you have other files to attach to this assignment, select **+Add work** and upload your file using the **Turn in**.

NOTE:

Select the **Turn in** button to turn in an assignment before its deadline. The button will change depending on the status:

- **Turn in again** if you're editing an assignment you've already turned in and need to submit work again.
- **Turn in late** if you're turning in your assignment after the due date, but your teacher has allowed late turn-ins or asked for a revision.
- **Not turned in** if the assignment is past due and your teacher is no longer accepting turn-ins. You cannot turn in work.
- **Undo turn in** if you decide you want to edit your assignment before the due date. You'll need to turn it in again after you make your edits.
